CTRL Systems, Inc.

1004 Littlestown Pike, Suite H

Westminster, MD 21157-3026

Flowserve Ecuador Cía. Ltda., As part of its continuous improvement in the monitoring of its pumping equipment, distributed throughout the country, acquired the CTRL UL101, which was chosen after a rigorous technical and economic analysis, against equipment of similar characteristics.

The CTRL UL101 complies with the required technical specifications for the monitoring of all pumping systems currently produced by Flowserve
